Contact Desk: 9835168368 / 9934166164 | **Email:** npmdhanbad11@gmail.com

Dear Officer,

Congratulations on your transfer. Shifting your household and vehicles between states can be stressful, especially when preparing the compliance paperwork required by your employer's finance and audit departments. National Packers & Movers is highly trusted by officers of Coal India (CIL, BCCL, CCL, ECL, NCL), NTPC, SAIL, IOCL, DVC, CMPDI, and nationalized banks. We ensure 100% genuine, IBA-aligned relocation billing so your claims are approved without delay.

1. Relocation Claim Documents Checklist

Ensure you collect and submit the following standard compliance documents from our shifting supervisor on delivery day:

Document Type	Compliance Requirements & Audit Checked Details
1. GST Tax Invoice	Must have printed GSTIN (State-wise registered code), correct SAC code (996511 for Road transport/moving), itemized packaging & transport charge split, and signature.
2. Consignment Note / Lorry Receipt (LR)	Must include consignment note number, vehicle loading details, registration number, consignor (origin) and consignee (destination) physical addresses.
3. Itemized Packing List	Detailed list showing box counts and items wrapped. Verified and signed by both the shifting supervisor and yourself.
4. Money Receipt	Official printed receipt with valid revenue stamp (compulsory for claims exceeding Rs. 5,000) and signed receiver seal.
5. Transit Insurance	Declaration certificate copy mapping total value of goods, vehicle details, and coverage policy details.

2. Critical Audit Rules to Avoid Rejections

- **Dual Quotations:** Many PSUs require double quotes (comparative rates). Contact our billing coordinator to help structure compliant paperwork matching your corporate allowance limits.

- **Vehicle Registration:** If transporting a car or bike, ensure the RC copy matches the name on the official transfer letter to avoid vehicle claim rejections.

- **Insurance Stamp:** The transit insurance policy must be declared before loading. Claims for damages cannot be raised post-delivery without loading declarations.

Need Priority Assistance?

Our dedicated corporate desks will handle all paperwork alignments according to your specific organization's reimbursement policies.
